## EXPERIENCE

---

### Flat.mx

MAR 2022 – Current

#### *Tech Lead*

*Remote*

- Coached and supported the front-end team throughout the development process, resulting in a more efficient and collaborative team environment.
- Migrated the website from an old MVC architecture to the latest technologies using **Next.js**, **PostgreSQL**, and **TailwindCSS**.
- Achieved top scores in **Core Web Vitals** metrics, significantly improving the website's **SEO** ranking.

### Leafnoise Company SA

APR 2020 – OCT 2021

#### *Engineering Manager*

*Remote*

- Led the company's front-end team consisting of five people. As an Engineering Manager, I mentored and helped the front-end team grow their careers.
- Developed from scratch an e-commerce multi-tenant platform using **React**, **TailwindCSS**, **Next.js**, and **NodeJS**.

### XOOR Inc.

DEC 2019 – APR 2020

#### *Full-Stack Engineer*

*Remote*

- Worked on multiple mid-to-large sized projects mostly for American startups with high-quality standards, using technologies such as **React**, **TypeScript**, **GraphQL**, and **NodeJS**.

### Telecom Argentina SA

OCT 2018 – DEC 2019

#### *Front-End Engineer / Tech Lead*

*Buenos Aires, Argentina*

- Developed from scratch the Web application and the Smart TVs application of the most used stream service in Argentina, using **React** and **MobX**.
- Designed and implemented a spatial-navigation library used on Smart TVs and set-top boxes applications.
- Led and mentored a team of two people.

### Leafnoise Company SA

MAY 2015 – OCT 2018

#### *Full-Stack Engineer*

*Buenos Aires, Argentina*

- Developed from scratch, 5 applications for Argentine state agencies, front-end, back-end, and database. Using **AngularJS**, **Angular**, **React**, **JavaScript**, **Python**, and **MongoDB**.

### FosterJobs

JUN 2014 – JAN 2015

#### *Full-Stack Engineer*

*Lujan, Argentina*

- Built from scratch, a social media platform, design, front-end, back-end, and database. Using technologies such as **JavaScript**, **PHP**, **Laravel**, and **MySQL**.

## EDUCATION

---

### Argentine University of Enterprise (UADE)

AUG 2014 – DEC 2021
